BARBOURVILLE, KY., FRIDAY, SEPTEMBER 1, 1922

ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

CONGRESSMAN ROBSON MEETS THE COAL SITUATION

Washington, D. C., Aug. 29, 1922.
R. W. Cole, Barbourville, Ky.

A bill was introduced and brought up today proposing to create a commission to regulate the price and distribution of coal. I made a speech against it as I am convinced that it is against the coal industry as well as the consuming public. Transportation will solve the price and distribution of coal. What do you people think there about this matter? Wire me at my expense.

J. M. ROBSON.

After consultation with many of our local men who are in touch with the situation Mr. Cole telegraphed their approval of the position taken by Mr. Robson.

We feel that this is another evidence that Congressman Robson is a worthy representative of the people's interest.

MIDDLESBORO GETS 'KIWANIS CONVENTION'

Middlesboro won the fight for the 1923 Kiwanis district convention over Lexington this morning by a vote of 63 to 20. According to a telephone message from T. R. Hill, president of the local club, the contest was a hot one from start to finish.

The larger cities in both Kentucky and Tennessee, Ashland, Winchester, Chattanooga, Nashville and others stood by Lexington in her fight. All the smaller Tennessee towns, however, and the towns of eastern Kentucky staunchly supported Middlesboro.

Charles Gilbert, of Nashville, was elected district governor for the ensuing year to succeed Hal Mound, of Pineville. Pineville won the attendance prize, a silver loving cup. Middlesboro was second in attendance. Pineville had the biggest attendance at the convention last year.—Middlesboro Daily News.

A NEW BURBANK "MIRACLE"

Luther Burbank, plant wizard, will celebrate the fiftieth anniversary of his first creation by presenting the world six new peaches a new prune, a new plum and a new nectarine.

Burbank announced Thursday that the new creations had reached such a stage of perfection that he was preparing next year, when he celebrates the fiftieth anniversary of the "Burbank potato," his first contribution to horticultural science, to introduce them to growers.

The peaches are especially pleasing to Burbank, who declares they are the closest approach to perfection in size, color and flavor he has ever seen.

The new prune is larger than the ordinary one, extremely sweet, has a brilliant orange color and dries on the ground without the customary "dipping" process.—Kansas City Star.

UNIQUE CARNIVAL

The Baptist ladies staged a unique and entertaining affair on the lawn of Dr. B. P. Jones' residence last Saturday evening. When passing motorists saw the gay lights and people apparently enjoying themselves they stopped to investigate until the street was lined with cars for a couple of blocks. All the essentials of a good time were present at a most reasonable rate for this was a carnival and the charge at any of the attractions did not exceed one dime but most of them were only a nickel. Ice cream, candy, lemonade were sold at the various booths, fortunes were told but the greatest entertainment was afforded by the wonderful merry-go-round run by man power.

Aside from a most delightful fun-providing evening the ladies netted the neat sum of \$53.35 toward which no one regretted contributing.

GOOD TENT SHOWS

We are reminded of the old adage that it never rains but it pours by the number of amusements accessible this week. Here we usually sit enduring a drouth in the line of entertainment, but this week along comes two good tent shows—a most popular entertainment. People are dividing their patronage each night at the same time regretting that they have to miss any of the plays.

WINS CUP

Mrs. Nola Minton Viall won the fifty dollar cup at Shelbyville in the Ladies' Saddle Class, there being ten entries. This ring of lady riders attracted more attention and was greeted with more enthusiasm than any other ring shown. There were entries from Louisville and other points.

When the fairs pay more attention to lady equestrians it will be a drawing card for a large attendance and create a desire on the part of women to do more horseback riding which is an excellent physical exercise and one of the best of outdoor sports.

VISITORS SEE THE GAP

Mr and Mrs. F. R. Barner, Judge and Mrs. Sampson and daughter, Miss Helen, Miss Maggie Sampson, Mr and Mrs. L. D. Sampson of New York and Lewis Hawn made a trip to Cumberland Gap Monday, by auto. Mr. L. D. Sampson is another of Knox County's sons who has made his personality felt in the large circles of business having recently staged an exposition in New Jersey which was such a success as to call forth unstinted praise from the press and people alike. He is glad to be back among the hills which the native mountaineer holds enshrined in his memory, however far he may roam and however different may become his environment.

America is the land of rich tomorrows—the land of opportunity.

HOW THE FOLKS USED TO RAVE ABOUT YOUR WONDERFUL GOLDEN LOCKS—AND

NOW!!

BARBOURVILLE BAPTIST INSTITUTE

With the strongest faculty in its history, already many pupils are giving in their names for the opening next Tuesday, Sept. 5th, at 9:30 A.M. Let's show the faculty our appreciation by a large congregation at the opening exercises.

Rev. O. L. Minks, A.M., Th.M., Ph.D., and his strong faculty are putting the finishing touches to the shining halls with their new equipment. B. B. I. bids fair to go forward with the coming weeks and years. There are few schools offering as much for the money. When you pay your way here you are not always being called on for five dollars for this and ten dollars for something else, but if you get right down to business you get far more than your money's worth and that right here at home.

BIG DIAMOND ROBBERY

Actress Loses Her Jewels

Mrs. Lewis Sacker, ingenue lady at the Paramount Tent Theatre, lost \$3,000.00 worth of diamonds, mostly family heirlooms, on Tuesday night when thieves entered the dressing room of the ladies and took a pocketbook containing the jewels and about \$13.00 in cash. The police found the pocketbook with some small change still in it in a ditch. It is believed one of the thieves caught a train for Pineville and an arrest has been made there.

The pocketbook was used to prop the mirror and Mr. Russell is of the opinion the thieves waited for an opportune moment when the dressingroom was empty to raise the flap of the tent and grab what they could. The night's receipts were in a couple of sacks and were untouched showing the hurry of the thieves.

ROAD CONTRACT TO BE LET

Hugh Asher, of Pineville, district road engineer, was in Barbourville Wednesday and stated that the contract for the surfacing of the road from Barbourville to the Bell County line would be let September 21.

With this section of road completed Barbourville will have a valuable outlet to the south and many more visitors will seek the delights of mountain travel thru this district.

BAKER

The death of Mr. Jeff Baker, aged 55 years, of Artemus, took place at the family home, Friday, Aug. 25. Interment was at Artemus, Saturday, Aug. 26. A wife and five children survive him.

THE PARAMOUNT PLAYERS

The Paramount Players have their large tent pitched just off the Public Square with the entrance next the Hawn Drug Store. They are putting on some fine plays with excellent scenery. There are a large number of people connected with the company. The telephone and piano music rendered each night has attracted much attention and favorable comment. Many funny and entertaining stunts are put on between acts. Mr. Russell has himself written many of the plays that are filling the tent each night with a satisfied audience.

UNION SERVICES CLOSED

The Sunday evening union services which were held during the months of July and August were brought to a close Sunday night. Rev. A. A. Ford preached a forceful sermon in which he sketched the life of Christ and His temptations making application of these teachings to present day living.

A feature of these services has been the singing. Many beautiful solos have been sung. On Sunday evening Mrs. C. F. Rathfon and Mrs. S. N. Miller sang a duet in which the harmony was quite perfect and the sentiment appealing.

It is to be hoped that those who have formed the habit of lingering when passing by these open air services will find a congenial church home.

METHODIST CHURCH

The pastor, Rev. John Owen Gross, will preach at 11 A.M. and 7:30 P.M. next Sunday. The Sunday School meets at 9:30. Prayer meeting at 7:30 P.M. Wednesday.

Sunday will mark a time for a new beginning in church attendance for a number and we hope to see the building well filled at both services.

SHOULD WE NOT DO IT?

In looking into the matter of cost for maintaining an all time health officer for Knox County, which would be under the supervision of the Fiscal Court and the State Board of Health, we find that one half of one mill would render from \$4,000 to \$5,000 in taxation to be devoted to this purpose. We further learned that this amount would be supplemented by a like sum from the State. The death of one actual producer, much more than equals the sum mentioned in loss to the community.

The employment of an all time health officer will mean the saving of the lives of present producing adults and also of those who will produce in the future. From the standpoint of dollars and cents, can we afford to let people die thru our great neglect in not employing a competent health officer, even apart from the humanitarian aspect of the question?

Winter will soon be upon us with its numerous cases of sickness, contagious and otherwise and Knox County has no health officer in fact. It will be well that our Fiscal Court should earnestly consider the defect in our health matters and find means to raise enough money, with help from the State to insure a medical man who will give his whole time to look after the public health in all its ramifications. To stand still, means to retrograde. Human lives are more precious than a little extra taxation.

"The Trail of the Lonesome Pine," Williams Stock Company, tonight.

OLD HICKORY MOUNTAIN STABLES OF BARBOURVILLE

These horses will show at Corbin next week, being shipped from Shelbyville, Ky., to Corbin this week.

Their show record at Shelbyville was very satisfactory. Gloria won \$210.00 in the saddle classes. The Feudist has been shown twelve times and won twelve First premiums. Sara Kathleen has not made a show yet on account of gravel in her fore foot. We are in hopes she will be able to show at Corbin in the \$800.00 saddle stake. This saddle stake amounts to more money than any one fair within a radius of sixty miles will pay out in their whole premium list.

We have added one more show mare to our stable, Vendetta, a two year old. She has never been beaten in her class and by the best horsemen of Kentucky is considered as the best filly on the fair circuit.

The Tri-County Fair at Corbin next week will be well worth attending. Show horses from Louisville, Shelbyville, Harrodsburg, Danville, and other points in Kentucky will be on hand. The trotting races, pacing races, running races and saddle classes will be worth any person's time. The large amphitheatre will seat 4,000 people and there is ample room for everything else that goes to make a high class fair where a man can take his family and feel that they will learn something.

T. W. MINTON.

CHRISTIAN CHURCH

Sunday, September 3rd

Morning service at 11 o'clock. Subject of sermon: "The Prodigal Son's Elder Brother."

Evening service at 7:30. Sermon "The Hardest Thing to Say."

Christian Endeavor meets at 6:30 Arthur A. Ford, Minister

MAKING MISTAKES

When a plumber makes a mistake he charges twice for it.

When a lawyer makes a mistake, it is just what he wanted, because he has a chance to try the case all over again.

When a carpenter makes a mistake it is just what he expected.

When a doctor makes a mistake, he burles it.

When a judge makes a mistake, it becomes a law of the land.

When a preacher makes a mistake, nobody knows the difference. But when an editor makes a mistake—good-night!—Sel.

One Proper Pride.

Pride is one of the seven deadly sins; but it cannot be the pride of a mother in her children, for this is a compound of the cardinal virtues—faith and hope.—Charles Dickens.

Conclusion.

Another reason why it would be impracticable for a man to carry a fur muff is because he would soon ruin it by wiping his mouth on it.—Arkansas Thomas Co.

FOR YOU

THE FEDERAL RESERVE SYSTEM, with its resources of more than FIVE BILLION DOLLARS and its membership in every business center in the land, was organized for your benefit. It is the largest and strongest banking system in the world.

When you bank with the First National Bank, which belongs to the FEDERAL RESERVE SYSTEM, you enjoy safety for your money and you know that the broadest facilities for handling every kind of banking transactions are at your command.

CITIZENS FALLING DOWN ON LAW ENFORCEMENT

Judge J. T. Stamper, Phil Senters
and Sheriff Carnes, representing
the law in the matter of law enforce-
ment and especially that side of it
which relates to moonshining and
bootlegging are not getting the sup-
port of citizens, who while anxious
to see booze put out of existence,
are "marrying a wife," "viewing
oxen" or giving other Biblical or non
Biblical reasons for skipping jury
duty. When men are summoned
they plead with the sheriff to be let
off and advance so many reasons
for inability to serve that they al-
most bring the sheriff and his de-
puties to the verge of distraction in
getting a jury together.

The result is that the Sheriff has
to pick up anyone who may be hang-
ing around and who have neither
"married a wife" or "bought a yoke
of oxen."

Harlan County is going the limit
in liquor cases as are other of the
Mountain counties. They recognize
that fully 90 per cent of the crimes
committed in their sections are due
to liquor making or peddling; that
most of the unhappiness and misery
is caused by liquor and they are de-
termined that it shall cease.

The saving grace in Knox County
is that women are serving on the
juries, but they have scarcely got-
ten accustomed to the routine as
yet. When they do, the full \$300
fine and the 60 days being given
in Harlan and other counties will
be meted out here, to the end that
their homes may remain inviolate
and that their sons may not be
tempted to drink moonshine.

If men engaged in this traffic
would look beyond the money they
make, to the broken hearts and
to lives they wreck, to the picture of
widows and orphans struggling on
alone because some man, while
drunk, has shot down their loved
ones, it seems that they would hesi-
tate to peddle the devil's brew and
make themselves partners of evil.
Life holds enough sorrow without
willfully making more of it for
money.

Judas betrayed his Lord for sil-
ver and the men who make and
sell liquor are as surely betraying
his children, for silver.

Mr. Citizen, what will the Eternal
Judge think of your excuses when
you are asked why you betrayed
humanity for business reasons?
You may temporize now, but you
cannot then. It is in your power to
put liquor out of business. Are you
going to do it?

MENTAL HYGIENE BOARD

At the recent meeting of the
Board of Mental Hygiene John M.
Tinsley was elected chairman of the
advisory committee appointed by
Gov. Morrow.

As a result of the plans of this
committee the experts on mental
hygiene will visit the different
state institutions and then make a
survey of the school children in ten
typical counties with the particular
object of discovering causes of ab-
senteism and of failure to earn pro-
motion. Mr. Tinsley succeeded in
having Knox County put on this list.

BAPTIST CHURCH

9:30 A.M.—Our Sunday School
has held up probably fifty per cent
better this year than ever before
during the summer and already it is
increasing since the summer days
are over. We are planning to break
all records this fall and winter.

11 A.M.—An inspirational ser-
mon for all desiring to know and to
do the will of God.

7:15 P.M.—Our own Bro. James
C. Bright, whom we all know and
love, is to preach for us. Tell all
your friends and come praying ex-
pecting a great service.

The large, white Georgia marble
inscription stones over the two ves-
tibules at the new Baptist Church
were donated by the Coggins Marble
Company, of Canton, Ga., John S.
Callebs, agent, Barbourville, Ky.
They are monuments of beauty and
the congregation is proud of them
and extends hearty thanks to this
company for their generosity. They
specialize in monuments and in
markers for the graves of our loved
ones.

Notice Council Masons

There will be a meeting of
Cumberland Council No. 77. R.
& S. M. at Masonic Hall, Mon-
day, Sept. 4th at 7:30 P. M. for
the purpose of conferring the
Cryptic Degrees on a large class.
All members are requested to be
present and visiting Companions
cordially invited.

R. Churchill, T. I. M.
J. E. Archer, Recorder

H. G. McKiddy, the contractor
who is completing the Baptist
church and making a mighty fine
job of it, took his family on a motor
trip to LaFollette, Tenn., Saturday,
by way of Cumberland Gap, return-
ing Tuesday by way of Jellico and
Corbin. They had a most delight-
ful time. Mr. McKiddy who was
raised down the river but has spent
about fifteen years in Knoxville, will
make Barbourville his home and is
ready to handle any sized jobs in
building and contracting.

Before Baby Comes

THERE are thousands of expectant mothers who undergo
much useless suffering for months before, as well as at the
moment when delivery occurs. These months of suffering, with
nerves and vital organs weakened, leave their effect upon the
child. An eminent physician found the way to stop much of this
unnecessary suffering—the same easy way which thousands of
mothers have used for three generations.

Mrs. Walter S. Hadley, Bridgeport, Ind., says: "Before my little boy
came I was so paralyzed in my hips and limbs I could hardly walk, and some
days after a little extra exertion I couldn't walk a step. I felt it coming
on the time; in fact, I could hardly get up when I sat down, but now, after
using one bottle of Mother's Friend, I am so much better. I feel that I
almost owe my life to Mother's Friend."

"Mother's Friend" is applied externally to the abdomen, back and hips. It
penetrates remarkably, permitting the easier relaxation and distension of
muscles, nerves, tissues and ligaments, and their constant easier readjustment
during expectancy and at child-birth. Have no more fear or dread, Mother's
Friend! Start using "Mother's Friend" now—the sooner the better.

Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I
had a doctor and a nurse, and then they had to use instruments, but with
my last two children I used Mother's Friend and had only a nurse; we had no
time to get a doctor, because I wasn't very sick—only about ten or fifteen
minutes."

"Mother's Friend" contains no narcotics or harmful drugs. It is safe. For
three generations "Mother's Friend" has relieved expectant mothers of much
unnecessary suffering. Mother! you must avoid more groans and useless medi-
cines. Begin using "Mother's Friend" today. It is sold at drug stores—
everywhere.

FREE BOOKLET ON MOTHERHOOD

Don't let false modesty keep you from this duty to yourself, to your child

OPPORTUNITIES FOR KEEPING HONEY BEE

Nectar Going to Waste in Tulip-
Tree Regions.

No Question but That Ares May Fur-
nish Many Times More Product
Than at Present—Bulletin
Discusses Methods

(Prepared by the United States Department
of Agriculture.)

With the tons and tons of nectar
going to waste every year in the tulip-
tree region of the United States be-
cause the colonies of bees are not
strong enough to get the full amount
of surplus, there is no question that
this area may furnish many times
more honey than it does at present.
This opinion is expressed by the United
States Department of Agriculture in
Farmers' Bulletin 1222, "Beekeeping
in the Tulip-Tree Region," prepared
by E. F. Phillips and George S. De-
muth, and now available for distribu-
tion.

The tulip tree is occasionally found
as far north as Vermont and Rhode
Island, and west to Michigan, Arkan-
sas and Louisiana. On the outer lim-
its of its distribution it is not abun-
dant. It is more plentiful on the
south shore of Lake Erie and rare
west of the Mississippi river, except
in northeastern Arkansas and south-
eastern Missouri. The trees are more
abundant and larger in the south-
central part of its range, especially in
Tennessee, Kentucky, the western
part of the Carolinas, and in the Ohio
river basin. It is common throughout
the Piedmont plateau of Maryland and
Virginia.

That this honey can be marketed at
a profit is attested by the fact that
this section now sends to outside re-

Modern Homes for Bees.

gions for part of its honey supply.
There is not the local prejudice to dark
honey which exists in the clover re-
gion and in the West. All these fac-
tors taken together make the region
one of promise. The enormous num-
ber of colonies of bees in this region
is pointed to as proof of the great
nectar resources, and if these colonies
are given proper care vast quantities
of honey can be produced.

The abandonment of the "gnus"
and box-hives and the adoption of
modern equipment, together with prac-
tices more suited to the region, is ad-
vised. The region, it is said, needs
more men engaged in beekeeping on
a commercial scale as a chief or only
occupation. The peculiarities of the
region, however, are such as to de-
mand a close study of the business.
Careless beekeeping, it is pointed out,
is entirely unprofitable, especially in
places where the main honey flow
comes so soon after the last killing
frost of the spring.

Copies of the bulletin, which dis-
cusses methods for carrying on the
business successfully, may be had free
by writing to the Department of Agri-
culture, Washington, D. C.

LAYING HENS IN FARM FLOCK

Most Efficient Number Is Between
150 and 500, Say Ohio
Poultry Experts.

At least 150 laying hens should
constitute the farm flock, say poultry
experts at the Ohio experiment sta-
tion. The most efficient flock is be-
tween 150 and 500. The flock con-
taining fewer than 150 hens is not
efficient, while flocks of more than
500, though perhaps too large for the
general farmer, may be better adapted
to those specializing fruit and poul-
try farms.

PROPER FERTILIZER TO BUY

Most Economical Material Is That
Containing Highest Percentage
of Plant Food.

The most economical fertilizer to
buy is the one containing the highest
percentage of the plant food needed.
It will cost more per ton, but may be
used at a lower rate per acre because
it does not contain so much useless
material.

CARING FOR TOMATO PLANTS

Four or Five-Foot Stakes Should Be
Driven Alongside Each Vine
When Soil Is Soft.

Secure a four or five foot stake for
each tomato plant and be ready to
drive the stakes in when the soil is
plant when the ground is soft. If the
tomatoes are to be trellised attach
to grapes, secure posts and two wires
for each row.

Frequent Headaches

"I suffered with chronic constipation that would bring on very severe headaches," says Mrs. Stephen H. Kincer, of R. F. D. 1, Cripple Creek, Va. "I tried different medicines and did not get relief. The headaches became very frequent. I heard of

Thedford's BLACK-DRAUGHT

and took it for a headache, and the relief was very quick, and it was so long before I had another headache. Now I just keep the Black-Draught, and don't let myself get in that condition."

Thedford's Black-Draught (purely vegetable) has been found to relieve constipation, and by stimulating the action of the liver, when it is torpid, helps to drive many poisons out of your system. Biliousness, indigestion, headache, and similar troubles are often relieved in this way. It is the natural way. Be natural! Try Black-Draught. Sold everywhere.

BIMBLE NEWS

The road hands are working the road here and the people who attend the Knox County Fair will appreciate the good work they do. Beckham Garland is teaching the Beech Spring school and is doing nicely. The Friendship school is also doing well, thanks to Miss Powell who is the teacher. Mr. Walter Riley and family and Mr. and Mrs. Goebel Haun were guests of Mr. and Mrs. D. E. Yeager Sunday afternoon. Miss Dula Powell and Miss Mary Payne were the pleasant guests of Miss Mattie Yenger Sunday. V. A. Jordan gave a free ride in his automobile Sunday which his passengers enjoyed. Hubert Payne is visiting home folks this week. Misses Pearl and Gertrude Payne expect to spend their vacation with home folks in September. Born to Mr. and Mrs. Elmer Hale, a baby girl, Nora Evelyn.

ROSSLAND NEWS

We have been having some very dry weather here. Mrs. Daisy Moore, of Ages, is visiting home folks. John Spurlock was down from Ages Tuesday. Mrs. Samantha Dozier came back from Barbourville Friday where she has been visiting her mother and sister. Mr. and Mrs. W. E. Gibson went to Powder Springs Sunday. Flo Hutton spent Wednesday here. Bill Dozier went to Barbourville Wednesday and will return Thursday. Mrs. James Williams and mother Mrs. Murray, were in from Wilton Saturday. Daisy Moore has gone to Lilly, Ky.

RAISING BEANS AND STRAWBERRIES.

What do our bean raising citizens think of \$300 for an acre of beans? J. Q. Cansdy, formerly of Brush Creek and now of Marble City, Oklahoma, thinks it pretty good and as he is pocketing that amount he has a right to feel that way about it. He is here with his wife, formerly Miss Julia Croley and looks as tho he is not only well fed, but prosperous. He and his neighbors of Marble City, Okla., believe in making not only a living, but a bank account that will keep a dozen wolves from the door. For that reason, they are combining and are raising beans to ship by the carload and finding that a success, are going to raise strawberries on the same plan. They grow stringless beans which are eagerly snapped up. Corn and other crops are fine this year.

Some day the people of Knox County will get together and decide to make money instead of scratching out a living. The Advocate has been a rather lone voice and has shouted itself hoarse in suggesting just such a course of action. Like most lone voices, it has not done more than create a wonder if the editor is off his bean or is some other sort of crank.

So far as the Advocate is concerned, "crank" remains and if we are not joined by others we shall still continue to rave about lost opportunities in fruit and truck for making money in Knox County. Better be a crank than a dead one.

Those who believe in these things for the county may air their views thru the Advocate without charge.

Who wants to grow beans and strawberries?

EMANUEL NEWS

Mrs. John Eagle and family of Rosebud, Ky., are visiting home folks this week. A large crowd attended services at the Baptist Church Sunday. Bro. Helton delivered a good sermon. J. B. Poff attended the picnic at Dishman Spring Sunday. Mr. and Mrs. C. A. Smith formerly of Emanuel, have left for Pensacola, Fla. Misses Laura and Lillian Rogers entertained a large crowd of boys and girls Sunday. Mrs. Blanche Peavley and baby are the guests of her mother-in-law Mrs. Dora Peavley. Mrs. E. J. Adams and little grand son Jack, who have been away for some time, are back at home in Emanuel. Mr. and Mrs. Otto Howard visited home folks the week end. A large crowd of girls and boys from Emanuel attended the entertainment at the Smoky Creek school house Friday night and reported a nice time. Mrs. J. D. Lovett and family spent Sunday with her grand mother, Mrs. W. R. Cheek. Everybody is cordially invited to attend the revival beginning at the Baptist Church Saturday night. Mrs. Roxey Mullins, of Corbin, Ky. spent Friday night with her cousins Martha, Bert and Edna Ray. Best wishes to our Mountain paper.

NOTICE: STREET CONSTRUCTION

Sealed bids will be received by the Mayor of the City of Barbourville until 12 o'clock noon, Friday Sept. 1st 1922, for the construction of Depot Street, in the City of Barbourville, Ky., from the intersection of present paving to the City Limits, including intersections of said streets under ordinances providing for construction of said street by paving the same with concrete, which ordinance was approved July 25th, 1922, under plans and specifications now on file in the office of the undersigned and in the Mayor's office.

This August 2nd, 1922.

R. B. BALLARD, City Engineer.

Bible Thoughts for This Week

Sunday.

THE BEAUTY OF HOLINESS.—Give unto the Lord the glory due unto his name: bring an offering, and come before him: worship th. Lord in the beauty of holiness.—1 Chronicles 16: 29.

Monday.

PEACE AND SAFETY.—Thou wilt keep him in perfect peace, whose mind is stayed on thee: because he trusteth in thee.—Isaiah 26: 3.

Tuesday.

A SURE SUPPORT.—The eternal God is thy refuge, and underneath are the everlasting arms.—Deuteronomy 33: 27.

Wednesday.

WHO SHALL ENTER.—Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven.—Matthew 7: 21.

Thursday.

THE BEST MEDICINE.—A merry heart doeth good like a medicine; but a broken spirit drieth the bones.—Proverbs 17: 22.

Friday.

CONTENTMENT WITH GOD.—Better is a little with the fear of the Lord than great treasure and trouble therewith.—Proverbs 15: 16.

Saturday.

FORSAKE EVIL.—Thus saith the Lord of hosts; turn ye now from your evil ways, and from your evil doings.—Zechariah 1: 4.

MICKIE SAYS—

THE NAMES OF OUR MOST SUCCESSFUL BUSINESSMEN ARE IN THIS PAPER EVERY ISSUE. THEY ADVERTISE BECAUSE THEY ARE THE BEST, AND THEY ARE THE BEST BECAUSE THEY ADVERTISE!

A CUNNING WAY TO STOP SAVAGE WARFARE

One of the most interesting phases in the history of all wars is the coming to light of secret incidents, necessarily excluded from the public at the time, and often not disclosed until long after the war is over. One such incident was largely instrumental in quelling the Boxer uprising in China against the citizens of all foreign nations, resident in China, at the time. The uprising theoretically put China at war with all the world, and soldiers were sent to China from the most powerful nations of Europe. At first these troops made slow progress, as they were loath to attack Chinamen who were innocent of murders and other outrages which were committed by that class of Chinamen known as Boxers who kept themselves concealed as much as possible. So it became a game of sleuth work and detective ability. At this stage a Polish-German, Dr. Ludovick Sennwicz, who had been many years a resident of China and familiar with the peculiar Chinese psychological nature or superstition as it may more properly be called, invented and applied the remarkable remedy which put a stop to these secret murders of unoffending foreigners by Chinese Boxers. Dr. Sennwicz laid his plan before one of the commanding officers of foreign troops and obtained enough soldiers to carry out his plan, which consisted in first capturing a few thousand well known Boxers, out of the millions of them who were secretly operating against foreigners. He then carefully sought out and obtained the pedigrees of these few thousands and especially the names and burial places of the deceased fathers and grandfathers of these captured Boxers. He knew the custom of not only revering but actually worshipping deceased ancestors, and that no matter how bad or depraved a Chinaman may be, yet he always prayed to his ancestors and regarded the loss of respect shown them by him as a heinous and unforgivable sin that would certainly condemn his soul to everlasting fire.

The next step was to bring these captured Boxers to the graves of their respective ancestors and let each captive see his own father and grandfather dug from their graves and the skeleton beaten to fine bone dust with pestle mortar. This bone dust was then used to make tea, and each horrified captive was made to drink this tea made from the powdered bones of his father and grandfather, carefully mixed together and sweetened to taste, according to the recipe of this German-Polish psychologist who had thought out this ingenious method of bringing about peace with as little loss of life as possible. Each captive's mouth had to be prized open with dentists' tools and the tea poured in. It is said that several of these hardened Chinese criminals who could have borne any other sort of torture as stoically and resignedly as a red Indian, absolutely lost their minds, and all of them were thoroughly cowed and broken in spirit. Not one of them was executed but turned loose to tell it abroad throughout the Chinese Empire, just like singed rats turned loose to frighten other rats which are too numerous to be captured, until all the rats left the place. And so it became known throughout the Chinese Empire that these "foreign devils" (as they called the troops of European nations) had the power and the will to send to everlasting hell the souls of all the captured Chinamen. And, as no one knew but that he would be captured, the whole mass of Boxers ceased instantly their murders and all manner of oppression of foreigners.

Pimples Keep Young Men Down!

They Make Women, Too, a Puzzle! How S. S. S. Stops Skin Eruptions Positively.

Pimples and skin eruptions have a price—you pay for every pustule, black-head and pimple on your face. Pimples produce prejudice and prevent prosperity. Your heart may be gold.

S. S. S. Will Rid You of the Crushing Pimple-Calamity.

But who wants to kiss eruptions? Pimple men don't look like the owners of anything. Pimple women, too, are puzzles, with no prospects and no power. Young men and women, here's the positive way out. Physics and purgatives will fail. What you need is a scientific blood-cleanser. S. S. S. is one of the most powerful destroyers of blood impurities. You can prove this in a short time. S. S. S. has been passed on by a jury of millions of people just like yourself. It is considered one of the most powerful vegetable blood-purifiers and flesh-builders in existence. That's why you hear of so many underweight people putting on lost flesh in a hurry, why you hear of so many rheumatics being freed from this scourge, with S. S. S. Start today with S. S. S. and see your face clear and your skin get redder, your flesh firmer. It will give you a boost in your career. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

nese Empire that these "foreign devils" (as they called the troops of European nations) had the power and the will to send to everlasting hell the souls of all the captured Chinamen. And, as no one knew but that he would be captured, the whole mass of Boxers ceased instantly their murders and all manner of oppression of foreigners.

L. & N. IN DEAL FOR 25 NEW CORBIN ENGINES

The Louisville & Nashville Railroad is considering the purchase of approximately 25 new locomotives for service at Corbin says Louisville news stories.

George E. Evans, vice president, is quoted as saying that the deal has not been completed and that the locomotives could not be delivered in less than two months.

Conditions in Corbin district will be cleared up to a great extent within two or three days, Mr. Evans said, and Harland mines will receive access by Wednesday.—Pineville Sun.

KILLING LOAFERS

More than 120 Whitney County farmers and poultry keepers recently were taught the method of distinguishing between the laying and loafing hens in their flocks by means of a number of poultry culling demonstrations held by County Agent E. F. Davis and the College of Agriculture extension division. A total of 108 hens out of 288 that were handled showed the characteristic signs that they had stopped laying.

WARNING To Overseers Of Roads

The time has largely slipped away when roads should have been worked. Some overseers have done their duty, others have failed.

After this week if any overseer has not worked his road as the law requires I will issue warrants for same and the Sheriff will be to see such a one.

This is the last notice. Get busy and escape judgment.

J. T. STAMPER, County Judge.

GOOD SHEEP PROFITS

Good profits that have been made by sheep in Kentucky during the last year have helped create a great interest among farmers in the value of purebred rams for flock improvement, according to L. J. Horlacher, in charge of sheep work at the College of Agriculture. Numerous inquiries are being received from farmers in different sections of the State requesting the college and county agricultural agents to assist them in finding purebred rams that can be purchased for use during the fall breeding season. Rams of the type desired are scarce and indications are that the price for them will be rather high, Mr. Horlacher said.

WINE AND BEER

There is a strong movement in the United States for an amendment to the Constitution to permit the making and the sale of wine and beer.

The liquor men are not satisfied with present conditions, but figure that there will be an immense profit in the making of wine and beer and, as they have the plants already in existence, they would be equipped to go right ahead.

Strong agitation is being raised in the cities where the workers in many instances favor the enactment of the law to permit these drinks to be again manufactured.

It is the thin edge of the wedge for the re-introduction of the sale of liquor. Anyone who knows anything of the mind of the liquor people, knows that with wine and beer with us once more it would be only a short time before stronger liquors would be urged under the plea of personal liberty or at the insistence of city workers.

Already they have influenced the members of Congress and an effort is being made to elect "wets" who will favor beer and light wines.

The great danger to prohibition, lies in a possible apathy on the part of the "drys" and country America, where the dry sentiment is strongest, must not go to sleep but must take a hand in the fight to keep liquor or any intoxicating drinks from the lips of their sons.

Anyone who says beer and wine do not drug and make drunk either favors the return of these beverages, or does not know what he is talking about.

Let's watch the step of these men who would bring back wine and beer. It is better dead.

BIG STILL CAPTURED

Sunday evening Sheriff J. M. Carnes, Squire S. T. Jackson, Bryan Mills, deputy sheriff, and J. M. Mahan, deputy clerk, went to Mill Branch of Stinking Creek on a fishing expedition and hooked a large copper still of about 50 to 60 gallons, cap, worms, thumping keg and about 100 gallons of beer. Six empty barrels were found which had evidently been made up shortly before the capture. The paraphernalia was brought to town just before the hour for service and created much interest. The location was about 200 yards off the county road right in the main Mill Branch stream.

To Remove Tar or Grease.

A very sure and safe way to remove tar or any such grease stains from colored ginghams is to rub well into the spots fresh lard. Let it lie several hours; then wash in warm suds. All spots will come out easily.

Miss Mary Agnes Heldrick and Miss Drucilla Tye were in Corbin Sunday.

Dr. and Mrs. J. P. Gibson, of Roundhead, Ohio, arrived by automobile Monday on a visit to home folks.

See "The Little Lost Sister" tonight, at the Paramount Players Tent Theatre, auspices of Barbourville Band.

Seventy-seven of the ninety-six lots of the old Hayes property were sold last week, the average lot bringing about \$63.

Mr and Mrs. Edward Scott went to Middlesboro by auto Sunday and brought back Miss Ida Mae Smith, who had been visiting relatives there.

TWICE PROVEN

Geo. C. Morris, farmer, Barbourville, says:—"I gladly recommend Doan's Kidney Pills. I have used them when my kidneys were out of order and my back ached and pained awfully. I could hardly do any stooping or lifting and my kidneys acted irregularly at times. Sometimes they were free and then again scanty. I bought Doan's Kidney Pills and used them as directed. They soon rid me of the backaches and put my kidneys in good order." (Statement given November 7th, 1916.)

On March 12th, 1921, Mr. Morris added: "I can recommend Doan's Kidney Pills for they relieved me promptly of kidney trouble. Since I gave my endorsement several years ago, I have had but very little trouble, but when I do take Doan's and they cure the attacks right away."

60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Adv.

Mr. and Mrs. John W. Sampson and small son, of Whitley City, spent some days here this week visiting relatives.

P. M. Marsee, wife and baby of Coxton, Ky., are visiting the parents of Mr. Marsee, Mr. and Mrs. W. E. Marsee. They are accompanied by Price Neikirk, also of Coxton.

Miss Rose Beams, stenographer at the Dixie Wholesale Grocery, is going to Cumberland College, Williamsburg and her place is being filled by Miss Bertha Howard.

A. H. Smithern, representative of the Courier-Journal, was in town on Saturday looking after business connected with the circulation department.

Earle Mayhew last week made a trip to the schools talking the School Fair and better agriculture. Miss Edna A. Reinstedler, the County nurse, talked on health.

Chester Hammons returned Friday from Crosswell, Tenn., where he was operating big-trucks hauling cross ties and lumber. He will stay in Barbourville for the winter.

Miss Amanda Marsee has returned after a two weeks' stay in Harlan County visiting her brothers at High Split and Coxton and also a cousin at Harlan.

Prof. D. M. Humblet has been working like a beaver on behalf of Union College and has been very successful in assuring a goodly number of students.

Mr. and Mrs. P. M. Marsee and little son Junior are visiting home folks bringing Mr. Price Neikirk with them from Coxton. Mr. Marsee and Mr. Coxton will fish.

Sylvester Geyer has returned from Hazard, Ky., where he has been working for some months, and will attend school. He is glad to be at home again.

Mrs. Lou C. Pennington
Purchasing Agent

Will Gladly Make Purchases Promptly and Send Out Orders on Approval

Apt. 42, Security Bldg. Louisville, Ky.

I. L. Shelton has returned from Ramey, McNairy County, where he visited his parents. He reports no rain in that section for six weeks and crops are burning up while the boll weevil is destroying the cotton.

J. Will Davis took his two cylinder hay burner and his family to Brush Creek church Sunday, K. F. Davis negotiating the trip in a jolt wagon, a sovereign remedy for the liver.

An item in the Kansas City Star states that a boy who tied himself to a horse was later found with his neck broken and the horse had suffered a like fate. It is always well to have a jumping off route.

John M. Tinsley was pitched from the seat of a delivery wagon one day last week just below the depot and badly bruised about the body but fortunately suffered no severe injuries.

W. S. Hudson, using his radio on Sunday night, heard a complete sermon from Pittsburgh just as distinctly as the in the adjoining room. Also parts of sermons from Chicago, Atlanta and Davenport, Ia.

Company G of the National Guard returned Sunday night at midnight from a two week's drilling trip to Camp Knox, near Louisville. They had a fine time but were glad to see the home burg again.

A fine meeting was held at Pleasant Ridge Sunday. Rev. Dave Elson, pastor. Rev. Ralph Mays, Evangelist of North Concord Assn., preached a fine sermon Saturday night.

Mrs. N. C. Hall, of Hymyar, was in town shopping Monday. Mrs. F. J. Donnelly left for St. Louis, Mo. Sunday after spending two months with Mrs. Cecil and Mrs. Archibald.

The last of the Union Services was held Sunday night. Rev. A. A. Ford delivered a forceful sermon and all present were invited to continue their attendance to church and help to build up the good work being done by them.

Elmer Mitchell got tired of eating his own cooking so he came home Saturday for a square meal. He is working at East Bernstadt with the Mitchell and Vermillion Contracting Co.

Charles Mitchell and wife, accompanied by Mr and Mrs. A. J. Mitchell have returned from an auto run to Indiana in which they covered over 3,000 miles without a puncture.

While returning from Corbin Monday and passing a mule team, Charlie Mitchell had to take to the bank when the team swerved and put the wagon tongue out at him. It was an insult but Charlie was too busy to argue things with the mules.

Have you seen Radio Rex, Dan Herndon's bulldog? The children should certainly watch him come out of his kennel when ordered to do so by Dan. Take them around and you may decide to buy him for a watch dog.

The attention of the foreman of the Grand Jury has been called to the fact that children in the country are dropping tacks on the roadway to puncture auto tires. This is a serious matter and some of these children may find themselves in real trouble unless they stop the practice which might cause an accident.

Fred Hemphill, of the Times-Tribune, Corbin, was here Monday. About a month ago he was in an auto accident near Indian Creek and still has a "distorted" finger and the remains of a scar on his broad brow.

The advance man, E. E. Jeralie, of the Paramount Stock Company, will be glad to fill out application for pension for Spanish war veterans for Dr. O. E. Howe, pension agent, Washington, D. C. He carries pension papers for all veterans where he goes, free of charge.

Bernice Humblet, Deborah Ryder Evelyn and Pauline Gregory, Mary and Langdon Richardson and Bertha Burman, accompanied by Mrs. Fred Burman spent Tuesday at Dishman Springs. The walk over Paint Hill, a swim both in the forenoon and afternoon with lunch at the hotel made a very full and pleasant day.

Claude Faulkner, small son of Dr. J. E. Faulkner announced on Monday evening when the family were discussing the important question of which tent show they should attend that he wanted to go to the Williams Stock Company. When asked why he replied that he wanted to see the animals. "What animals?" "Well, isn't it a stock show?"

Mr. and Mrs. John T. Dizney, at one time residents of this county and now living at Madras, Oregon, are visiting Frank Dizney at Grays and Mrs. Dizney's sister, Mrs. B. C. Steele, in this city and Mrs. Sampson Widener, another sister at Grays, Ky. Mr. Dizney states that one fruit grower in his county makes as high as \$7,000 from a few acre orchard.

Miss Clara Campbell, who taught the Fourth Grade so successfully the past two years, will attend E. K. Normal School this year. She is at present teaching one of the county schools near Grays and was in town Saturday to give notice that she will have to give up the school in a short while. She morely filled in for there had not been a teacher secured for the school.

Those who are prepared to win have a better chance than ever before under the Stars and Stripes.

(Continued on page 6)

Man Grows Till Man is 40.
Speaking generally, a man's head, particularly if he is a thinking man, continues to increase in size until he is forty or fifty years of age.

CORN FOR SILAGE PURPOSES

Early Planting of Well-Matured Seed of Large Variety is Often Most Profitable.

In the north an early planting of well-matured seed of a large variety of corn is often most profitable when the crop is intended for silage purposes. Of course, if a grain crop is desired, the corn variety must be chosen that has the best chance of maturing a good yield of grain. But if silage is the object, the same degree of maturity is not necessary. The production may be increased simply by choosing a somewhat longer season crop, one that will reach the proper ensiling stage at about the same time the Northern grain would have to be maturing. Here is one more place where the Northern silo owner can get the jump on some of his less fortunate neighbors.

BIG DANGER IN USING LIME

When All Acidity of Soil Has Been Used Up There is Trouble in Raising Some Crops.

A test was made covering 15 years of growing truck crops with manure, at the rate of ten loads to the acre, and with other fertilizers. The fertilized plots yielded good crops for a few years and then failed. Doctor Hartwell of the Rhode Island experiment station does not advise any fertilizers in continuous crop rotation without green manuring. He said that Rhode Island was responsible for the use of lime, and now it ought to be responsible for saying that there is danger in using too much lime. When you have used up all the acidity in the soil you are in for trouble, especially with such crops as spinach. If you do not get any pink or blue litmus paper the soil does not need more lime.

BIG VALUE OF ALFALFA

Alfalfa pasture is worth \$25 to \$35 per acre when it will feed 20 pigs per acre that will gain 200 pounds each during the season. If they are fed without pasture, they will need 1,500 pounds more of corn and \$50 pounds of tankage. In addition to this we can cut a ton or two of hay from the same land and still have better grazing than if it were not mowed.—J. M. Edward, Iowa Station.

Louisville & Nashville Railroad ANNOUNCES REDUCED ROUND TRIP EXCURSION FARE BARBOURVILLE TO LOUISVILLE ACCOUNT KENTUCKY STATE FAIR

Tickets on sale Sept. 10 to 15 inclusive and for trains scheduled to arrive in Louisville before noon, Sept. 16th.

One Solid Year of Achievement

Republican Administration's Program of Construction Being Fulfilled

Congress Is Industrious

Record of Accomplishments Not Excelled in Annals of Legislation

(By Rep. Simeon D. Fess (Ohio), Chairman Republican Congressional Committee.)

The World War bequeathed to the United States, in common with every other nation gigantic debts, tremendous expenditures, burdensome taxes, disjointed economic conditions and general unrest. No previous administration since the establishment of our Government came into power with greater domestic problems demanding solution at its hands than confronted the Republican administration on March 4, 1921.

Immediately upon the inauguration of the President and his call of the special session of the Congress a program of rehabilitation was outlined and work immediately commenced to consummate it. Undesirable immigration was flooding the country. This increased unemployment, rendered more difficult a solution of our industrial problems, while the character of many of the immigrants was a menace to our social and political institutions. To protect American labor and American institutions against this invasion a law was enacted limiting further immigration to but three per cent. of the nationals already in America.

The first necessary step toward economic readjustment was necessarily reduction of expenses and balancing of the budget. One of the earliest measures enacted by the Republican Congress was the budget law. The previous Republican Congress had enacted a budget law, but it was vetoed by President Wilson. The law went into effect July 1, 1921, in time to apply to the fiscal year beginning on the same date. Whatever economies have been effected by reason of the Budget Bureau since that time are to be credited to the early action of the Republican Congress in putting the law on the books which created the Budget Bureau and made its operation possible.

The agricultural industry of the country was suffering in a degree which has never been equalled in its history. This important industry, which directly affects one-third of our population and indirectly affects every industrial, commercial and financial activity, was facing bankruptcy. In order to assist the farmer in this period of economic distress the Republican Congress enacted an elaborate program of agricultural rehabilitation. This program of constructive legislation in behalf of the American farmer is without parallel in the annals of American legislation. The substantial effects of this legislative program are now apparent on every hand.

Notwithstanding the Republican Congress elected in 1918 and assembled in special session in 1919 had appropriated hundreds of millions for ex-service men, the administration of these funds by the various executive agencies controlled by the Democrats had been such that the ex-service men had received a minimum of benefit from the funds. A large part of this was due to lack of co-ordination and co-operation of the various bureaus. One of the greatest pieces of constructive legislation of the Republican Congress was the consolidation of the various agencies dealing with the ex-service man under the one head of the Veterans Bureau. This assured expedition as well as fair and adequate treatment of our disabled ex-service men.

In addition to this consolidation and reorganization additional millions were appropriated for the use of the Bureau. American ex-service men of the World War have been better treated at the hands of the Republican Congress than the ex-service men of any previous war in American history and better treated than the ex-service men of any other nation engaged in the World War. And the end is not yet.

As an aid to the agricultural sections and as an antidote to the unemployment situation, the Congress passed at \$75,000,000 appropriation bill for the construction and maintenance of improved highways, which sum will be doubled when the provisions of the bill are complied with by States putting up an equal sum of money.

Among the numerous constructive and relief measures the Maternity Bill was enacted in response to the demand

Remember the "Forgotten Room"

There are tens of thousands of them scattered through this country—"forgotten rooms" that are never used at all, or are used only for storing odds and ends.

Some of them are in city houses, where sleeping room for the extra guest is so often a problem. Some of them are in fine old country homes, where Mother would like a cheerful corner all her own for sewing or reading. Some of them are simply unfinished rooms that no one ever thought of as a part of the house to be lived in.

You can make the "forgotten room" as cozy, as attractive, as useful as the rest of the house by finishing it with wall board. And by using Richardson Wall Board you can do it at a surprisingly low price. There is also a wide variety of other uses for this product—for garages, barns, summer camps and similar purposes.

RICHARDSON Wall Board

This product of The Richardson Company is low in price compared with any good wall board. For Richardson methods, plus quantity production, keep the price down and the quality up.

Richardson Wall Board is strong and durable. It is thoroughly sized inside and out, takes paint well, and requires an astonishingly small amount of paint for a really beautiful finish.

Remember the "forgotten rooms" this year. Just telephone us the measurements, and we'll tell you how little it will cost to make such rooms part of the home.
